

## The Speed, Performance, and Reliability of an Ethernet wire... without the wire

AirWire, a versatile Plug n' Play wireless solution that requires absolutely no drivers or software, you simply plug one end to your Internet and the other to any wired Ethernet device. The easy installation and high performance of AirWire makes it the perfect solution for high bandwidth devices such as PS3, Xbox 360, media computers, set-top boxes, HDTVs with an Ethernet port, or even just your laptop!

### Features

- Easily connect two wired Ethernet devices wirelessly
- Plug N' Play
- Stylish design available in black or white
- MIMO smart antenna design which enables long range operation
- Features Ubiquiti's AirMax technology for carrier class speed and reliability

**airWire**

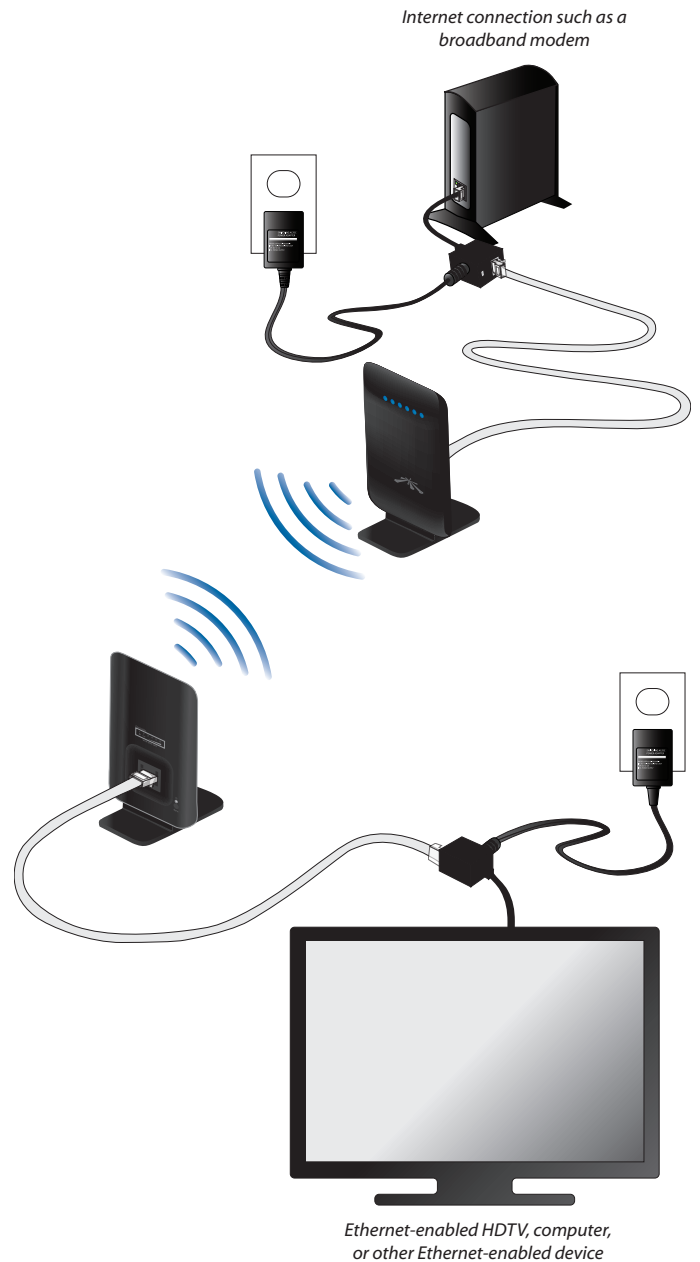

Plug n' Play Wireless 10/100 Ethernet Cable

DATASHEET

# Specifications

Dimensions	90 x 150 x 18 mm
Weight	161 g
Ports	1 10/100 Ethernet Port
Buttons	1 Sync Button 1 Reset Button
LEDs	1 Power 1 Ethernet 4 Wireless Signal
Output Power	23 dBm
Antenna Gain	10 dBi
Power	15V, 0.8A
Operating Temperature	-20 to 60° C
Storage Temperature	-40C to 70° C
Certifications	CE, FCC, IC
