Camera

Power Adapter

802.3af Instant PoE Adapter

Wall Mount Cover

Table Stand

In-Wall Mount and Cover

Base Mounts (Qty. 2)

Wall Mount

Angled Wall Mount

Adhesives (Qty. 2)

Screws and Anchors (Qty. 4)

Cable Clips (Qty. 8)

## Before You Begin

The G3 Micro camera is designed to work with Ubiquiti's new integrated management system, UniFi Protect.

UniFi Protect is a flexible and powerful IP video surveillance system that can manage UniFi Protect cameras and the UniFi Protect mobile app. The software is free from all hosting and licensing fees and comes pre-installed on UniFi's Cloud Key Gen2 Plus, model UCK-G2-PLUS.

*UniFi Cloud Key Gen2 Plus, model UCK-G2-PLUS*

For more information on UniFi Protect, visit us on the web at: [unifi-protect.ui.com](https://unifi-protect.ui.com)

**Note:** The G3 Micro camera will also work with the UniFi Video® 3 controller software.

The G3 Micro camera can be powered by either of the following methods:

- Using the included Instant PoE Adapter connected to an 802.3af PoE-compliant switch

- Using the included Power Adapter

## Hardware Overview

### 1 LED

The LED will flash blue during bootup. When the camera is ready to connect to the Wi-Fi network, the LED pattern will flash two times accompanied by two beep tones. Once connected to the network, the LED will glow with a steady breathing pattern.

**Note:** LED patterns can be customized or disabled from within the UniFi Video software.

Alternating White/Blue	Device is busy; do not touch or unplug it. This usually indicates that a process such as a firmware upgrade is taking place.
------------------------	--

Steady Blue	Connected to NVR
Flashing White	Connecting to Wi-Fi
Steady White	Wi-Fi Connected, Awaiting Configuration
Flashing Green	Cannot Connect to NVR
Steady Green	No Wi-Fi Connection
<b>2</b> Reset	
To reset network settings to factory defaults, press and hold the Reset button until the camera emits two short tones.	

## Installation

The UVC G3 Micro can be mounted in five ways:

- [Magnetic Mount](#) For temporary or permanent installations
- [Adhesive Mount](#) For fast, permanent installation
- [Screws Mount](#) For secure installation
- [Table Mount](#) For installing on a desktop or other flat surface
- [In-Wall Mount](#) For installing in a recessed wall mount

## Setting Up UniFi Protect via App

Launch the UniFi Protect app and follow the on-screen instructions to complete setup.

## UniFi Video Mobile App

Launch the UniFi Video app and follow the on-screen instructions to complete setup.

## Specifications

UVC-G3-MICRO	
Dimensions	
Body	Ø 51.38 x 41.97 mm (2.02 x 1.65")
Base	Ø 36.0 x 17.3 mm (1.41 x 0.68")
Weight	
Body	65 g (2.29 oz)
Base	31 g (1.09 oz)
Mounting Options	Magnetic Base, Wall Mount, or Table Mount
Setup Options	Bluetooth with Mobile App or Built-In Wi-Fi
Networking Interface	802.11 a/b/g/n Dual-Band Wi-Fi
Lens	2.7 mm f2.2
Sensor	1/3" 4MP Image Sensor with WDR
View Angle	
LDC Off	124° (H), 65° (V), 150° (D)
LDC On	92° (H), 60° (V), 100° (D)
Night Mode	Infrared LEDs with Built-In Light Sensor
Video Compression	H.264
Resolution	1080p HD (1920 x 1080)

UVC-G3-MICRO	
Max. Frame Rate	30 FPS
Microphone	Yes (with Volume Control)
Speaker	Yes
Power Supply	AC Adapter or Instant PoE Adapter
Supported Voltage Range	5V (4.85V - 5.35V)
Max. Power Consumption	
IR LEDs On	3.5W
IR LEDs Off	2W
Operating Temperature	0 to 35° C (32 to 95° F)
Operating Humidity	20 to 90% Noncondensing
Certifications	CE, FCC, IC

## Safety Notices

1. Read, follow, and keep these instructions.
2. Heed all warnings.
3. Only use attachments/accessories specified by the manufacturer.

**WARNING:** Do not use this product in location that can be submerged by water.

**WARNING:** Avoid using this product during an electrical storm. There may be a remote risk of electric shock from lightning.

## Electrical Safety Information

1. Compliance is required with respect to voltage, frequency, and current requirements indicated on the manufacturer's label. Connection to a different power source than those specified may result in improper operation, damage to the equipment or pose a fire hazard if the limitations are not followed.
2. There are no operator serviceable parts inside this equipment. Service should be provided only by a qualified service technician.
3. This equipment is provided with a detachable power cord which has an integral safety ground wire intended for connection to a grounded safety outlet.
  - a. Do not substitute the power cord with one that is not the provided approved type. Never use an adapter plug to connect to a 2-wire outlet as this will defeat the continuity of the grounding wire.
  - b. The equipment requires the use of the ground wire as a part of the safety certification, modification or misuse can provide a shock hazard that can result in serious injury or death.
  - c. Contact a qualified electrician or the manufacturer if there are questions about the installation prior to connecting the equipment.
  - d. Protective earthing is provided by Listed AC adapter. Building installation shall provide appropriate short-circuit backup protection.
  - e. Protective bonding must be installed in accordance with local national wiring rules and regulations.

## Limited Warranty

[ui.com/support/warranty](https://ui.com/support/warranty)

The limited warranty requires the use of arbitration to resolve disputes on an individual basis, and, where applicable, specify arbitration instead of jury trials or class actions.

## Compliance

### FCC

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions.

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been approved by the FCC under FCC ID: SWX-UVCG3M.

## ISED Canada

### CAN ICES-3(B)/NMB-3(B)

This device complies with ISED Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device.

The device has been approved by ISED Canada under IC: 6545A-UVCG3M.

## CAN ICES-3(B)/NMB-3(B)

Le présent appareil est conforme aux CNR d'ISDE Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. l'appareil ne doit pas produire de brouillage;
2. l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

L'appareil ont été approuvés par ISDE Canada en vertu IC: 6545A-UVCG3M.

## IMPORTANT NOTE:

### Radiation Exposure Statement:

- This equipment complies with radiation exposure limits set forth for an uncontrolled environment.
- This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body.
- This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## AVIS IMPORTANT :

### Déclaration sur l'exposition aux rayonnements :

- Cet équipement est conforme aux limites prévues pour l'exposition aux rayonnements dans un environnement non contrôlé.
- Lors de l'installation et de la mise en fonctionnement de l'équipement, assurez-vous qu'il y ait une distance minimale de 20 cm entre l'élément rayonnant et vous.
- Cet émetteur ne doit être installé à proximité d'aucune autre antenne ni d'aucun autre émetteur, et ne doit être utilisé conjointement à aucun autre de ces appareils.

## Australia and New Zealand

## Brazil

**Nota:** Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados.

## CE Marking

CE marking on this product represents the product is in compliance with all directives that are applicable to it.

### Country List

AT	BE	BG	CY	CZ	DE	DK	EE	EL	ES	FI	FR	HR	HU

BFWA (Broadband Fixed Wireless Access) members noted in blue

**Note:** This device meets Max. TX power limit per ETSI regulations.

The following apply to products that operate in the 5 GHz frequency range:

**Note:** This device is restricted to indoor use only when operating in the 5150 - 5350 MHz frequency range within all member states.

**Note:** All countries listed may operate at 30 dBm. BFWA member states may operate at 36

dBm.

**Note:** Operation in the 5.8 GHz frequency band is prohibited in BFWA member states. Other countries listed may use the 5.8 GHz frequency band.
